

What should I ask candidates?

1. Will you prioritize access to nature in your platform?

- How will you ensure that all Canadians, especially in urban and southern regions, have access to green spaces and the opportunity to experience nature?

2. How will you support local conservation efforts?

- Local land trusts are crucial in protecting vital green spaces. How will you empower these community-driven conservation efforts to thrive?

3. How will you ensure green spaces are maintained for future generations?

- What steps will you take to ensure the long-term stewardship and protection of our parks, conservation areas, and green spaces?

4. How will you balance conservation with the needs of urban and rural communities?

- How will you make sure that conservation efforts align with the needs of both urban and rural Canadians, ensuring access to nature in all regions?
